## City of San Diego

### RESIDENTIAL OUTDOOR WATER CONSERVATION REBATE APPLICATION

#### Smart Controller, Micro-Irrigation, Sustainable Landscape-Turf Replacement

- Customers may submit more than one application form, or apply for multiple rebates on one application form. However only one rebate per category is allowed per customer.
- Prior to completing this application please review the rebate guideline for each rebate type. Go to: [www.sandiego.gov/water/conservation](http://www.sandiego.gov/water/conservation) for more information on the rebate programs.
- Rebates are available to existing residential customers (including individually metered single family homes, duplexes, condominiums, and townhomes) within the service area of the City of San Diego Public Utilities Department. Renters may be eligible for rebates with written consent of property owner. Renter's name must be on water bill.
- Rebate checks will be sent to the customer of record 6-8 weeks after application is deemed complete and required site inspections are concluded.
- The City of San Diego is not responsible for any taxes, fees, or tariffs that may be imposed as a result of rebate-related device purchase(s) or work performed.
- **Funding for rebates is limited and available on a first come, first served basis. Program requirements are subject to change without prior notification.**

☐ I would like to participate in the \$1.50 per SF rebate (up to \$2,000 max.) which includes up to \$333 toward the cost of garden design services and requires submittal of a scaled design and irrigation plan.

## Customer Agreement

*I, the undersigned, understand that this is a limited, first come, first-served program, that rebates are given only for projects which have applications that are approved, and that the City of San Diego Public Utilities Department can deny any application that does not meet program requirements (which can change without notification). I have voluntarily determined to participate in the City of San Diego's Outdoor Conservation Rebate Program and understand that no rebate will exceed the cost of the item purchased or exceed the stated maximum total dollar amount per customer rebate. I understand that my Public Utilities account must be in good standing to receive a rebate check. I agree that all work performed will comply with applicable state and local laws, ordinances, and regulations. If this application is approved, I agree that Public Utilities Water Conservation staff can conduct a water conservation survey/pre-installation inspection and a post-installation inspection at my property, and verify that the project has been completed according to program requirements. I understand that installation of devices and material are my responsibility, as is determination of the adequacy and compatibility of the existing irrigation system. Smart Controllers, Micro-Irrigation, and Sustainable Landscape-Turf Replacement projects must be installed within the Public Utilities service area. I understand that with the post-installation inspection, Public Utilities makes no determination with respect to choice, quality or suitability of workmanship, materials or equipment. I acknowledge that installation of irrigation equipment or landscape materials may not result in lower water bills, and that rebates do not apply to sales tax charges. I understand that Public Utilities is not responsible for items lost or destroyed in the mail/transit. If this application is approved by Public Utilities and the work proceeds, I agree to defend, indemnify, and hold harmless Public Utilities, its agents and employees against any and all loss, liability, expense, claims, suites and damages, including attorney's fees, arising out of or resulting from the installation of irrigation equipment and landscape equipment. I have read, understand, and agree to the terms and conditions of the rebate(s) for which I am applying.*
